ABOUT

I am a University of Pennsylvania LPS Coding Bootcamp student eager to join the workforce. I have a great passion for coding and the challenges it proposes. My attention to detail and strong work ethic provide a great basis to learn and adapt to new tasks.

WORK EXPERIENCE

PROJECT 1-PACK RAT APPLICATION
LPS Bootcamp | Aug 2021 - Nov 2021

- Managed a team of developers to create an app from scratch.
- Controlled versions of all features code through Git.
- Created a presentation to illustrate the usefulness and features of the app.

CODE QUIZ APPLICATION
LPS Bootcamp | Aug 2021 - Nov 2021

- Developed an online code quiz for users to check their coding knowledge.
- Used vanilla JavaScript to dynamically generate questions, and store user's scores and initials to a score board page.

EDUCATION

UPENN LPS CODING BOOTCAMP

University of Pennsylvania | 2021 - 2021
GPA 4.0

AWARDS
